eShelf

Digital Library

eShelf Digital Library is a software platform that incorporates Digital Contents & its Management System that helps create, categorize, index, search, retrieve and share various forms of digital contents in audio/video/text formats. eShelf retrieves comprehensive yet accurate information, that is 100% secure, instantly at the click of the mouse. This efficient software platform, boasts of the most up-to-date information on every subject that is quickly retrievable by keying in some elementary fields in the search options. Judiciously compiled with express guidance from educators attached to academic depositories as well as libraries, eShelf with its limitless storage capacity, offers a variety of features including eBooks, eJournals, eMagazines, encyclopedias, dictionaries, articles, news, seminar/project reports, syllabus, events etc.

eShelf is brought to you by Oréll Software Solutions Pvt. Ltd., a vibrant IT solutions provider focused at delivering cutting-edge software solutions, primarily for institutions of learning. Led by a team of steadfast professionals with a combined expertise of over 30 years, a dedicated R&D Division, 24/7 customer-support and nearly 800 clients within India & over 20 clients abroad for our diverse range of products, with whom we maintain a consistent healthy business relationship, we are well-positioned to effectively serve your needs.

WHY DIGITAL LIBRARY

A digital library is an information storage & retrieval system in which collections are stored in digital formats and easily accessed by individual/networked computers. Advantages of digital libraries include:

- ✓ Limitless storage
- ✓ No physical boundary
- ✓ Multiple access
- ✓ Instantaneity of retrieval
- ✓ Round-the-clock availability
- ✓ Indestructible
- ✓ Preservation and conservation
- ✓ True value addition

eShelf ADVANTAGE

eShelf is developed exclusively in-house by the software team at Oréll. This virtual library is customizable to institutional needs and is 100% privilege-controlled by admin. It offers a host of advantages, which includes:

- 👉 User-friendly & cost effective
- 👉 Enables interactive learning
- 👉 One-time perpetual license
- 👉 Free on-site installation & training
- 👉 Free technical support for one year
- 👉 24/7 Customer support
- 👉 Periodic updating
- 👉 Intranet and Internet versions
- 👉 Unlimited membership
- 👉 A single copy of a book accessible to unlimited number of users.
- 👉 No exclusive infrastructure or space required; Can be installed in the existing lab
- 👉 Highly portable & flexible
- 👉 Encourages creative writing skills
- 👉 Downloadable & printable
- 👉 Quick save for future reference
- 👉 Instant access to shared knowledge base
- 👉 Integrate/digitize conventional library

eBooks

The wide range of books are populated into main/sub/specific categories which may be edited/deleted/added by the user's choice. The availability of reading materials in electronic format provides the platform for rich & diverse reading experience irrespective of the number of users.

eJournals

An e-journal may be a published or privately maintained by an institution or individual, but unlike a conventional paper journal, it is in digital medium issued in successive series bearing numerical or chronological designations. eShelf gives the user provisions for uploading the entire series of eJournals by categories.

eMagazines

Digital/electronic version of most of the popular magazines are now available online and the user can avail it by means of subscription with the respective publishers, which will be delivered periodically by the latter. These can be regularly categorized & uploaded to the e-Magazine facility of 'eShelf'.

Encyclopedia

Dictionaries and Encyclopedias in various categories (often arranged in alphabetical order) dealing in entire range of human knowledge or with some particular specialty, for which the search criteria has to be set by category/keywords etc.

World-class library at your fingertips

USER MODULE

This easy-to-use versatile module helps users browse the library quickly and effectively. Administrator assigned privileges permit users to not only browse/delete own content but also rate eBooks and post comments/viewpoints. In addition to administrators, various departments or department heads can:

- ✔ View/browse eBooks, eJournals, eMagazines, articles etc.
- ✔ Save content for future reference
- ✔ Simple search by category/title/keyword(s)
- ✔ Advanced search by sub category/author/viewer rating/date-wise
- ✔ Author eBooks, eJournals, eMagazines, articles etc.
- ✔ Update/delete own content
- ✔ View content approved/rejected by admin
- ✔ Resubmit content for admin review
- ✔ Rate content
- ✔ Post view points in forum

ADMINISTRATOR MODULE

This full-options module ensures ease of navigability for users helping them receive appropriate eContent efficiently. Administrator can not only edit/delete content but can also assign/control user privileges to ensure that contents are current and periodically updated.

- ✔ Register users
- ✔ Edit user list
- ✔ Assign/edit login password
- ✔ Control user-privileges
- ✔ Approve/edit/reject eContent
- ✔ Monitor forum discussions
- ✔ Integrate existing hardcopy content
- ✔ Assign search categories/sub categories
- ✔ Customize search display options/navigation
- ✔ Add/update/delete eBooks, eJournals, eMagazines, articles etc.
- ✔ Create department/department heads for setting privileges to corresponding users such as add/update/delete eBooks.
